

Prayer Guide 2024

15 Minutes of Prayer for LSCA

This past year LSCA's theme was Who am I, focusing on the importance of knowing the identity God has given to us. We saw so much growth come from this theme with campers building stronger connections in their faith, and learning what the God of all creation has to say about who we are. The last couple of years have been filled with discourse in the world, but the Lord has continued to be The Rock and show who He is with His love and generosity. We are thankful for new connections in the church, and connecting with all the amazing people that encounter this place. As we move into a time of prayer let us remember prayer is not just asking God for things, but rather the work of aligning our hearts with His. Please join us in prayer for God to continue to guide this ministry (and churches and other ministries) so that we move with him, aligned with Him, sustained and connected to Him and His will. Let's pray.

Let's give thanks for all that God has done:

- For over 85 years of ministry and the countless number of people during those years who have been able to encounter Christ on LSCA's grounds.
- All the people who have invested their time and energy and resources into LSCA through the years to help sustain and grow LSCA's ministry (volunteers, board members, staff members, donors).
- God's provision amidst this past couple years of so many unknowns. For ideas for new program opportunities, for the time/energy/funds to stay open and get a lot of big projects done, and for peace and wisdom for LSCA's staff and board to make important decisions.

Let's ask God to be present in and help LSCA meet its current needs:

- For the Executive and General Boards and the camp staff to have wisdom beyond their experience as they make decisions pertaining to LSCA.
- 2024 summer staff team. Pray for God to lead young adults to serve at LSCA for this summer. Pray for unity and cohesion among the team that forms, for health, and for these young adults dedicating their summer to service to also grow closer in their relationships with God themselves.
- Pray for generous and compassionate hearts to come alongside LSCA to aid us financially as we do our best to keep camp costs low, provide scholarship assistance, and maintain quality buildings and facilities and programs.
- Pray for summer 2024: Pray for camper registrations to pour in, pray for them to experience God's love, acknowledge Christ as their savior, and to leave our grounds more excited and equipped to serve in the Kingdom
- Pray for our deans as they prepare their summer programs.
- Pray for all our volunteer needs to be met.
- For the safety of everyone who sets foot on these grounds: safe from harm in any way, safe from sickness, safe... physically, spiritually, emotionally, mentally.
- Pray for wisdom as we continue the fundraising for the LSCA Grow Project, including the construction of a new pool as well as other needed upgrades for the camp to better serve our guests.

Let's believe and trust in God to do it all again and guide LSCA as we continue on in ministry in the years to come:

- Wisdom in how to use empty spaces (old boys annex, cypress cove)
- Our facilities to last and not experience major harm or damage
- Continued wisdom and creativity in program development for summer programs, retreats, and community events.
- Pray for us to continue being a place where people in our community can find rest and come to encounter Christ.
- Resources to continue in order to maintain camp.
- For all those who step onto our grounds to experience the goodness of God and to leave changed and ready to spread that goodness to the ends of the earth.
